Mumbai Gateway To India

Mumbai, located in the state of Maharashtra, is the financial capital of India and most companies have head offices here.

Maharashtra's gross state domestic product accounted for 14.20% of India's GDP in 2021-22, the highest among all Indian states.

Major automotive companies like Piaggio, General Motors, Fiat India, Mercedes-Benz, Premier Automobiles, Jaguar & Land Rover, Volkswagen India, Bajaj Auto, Force Motors and Mahindra Navistar are based in Pune, only 150 km from Mumbai. The Mumbai/Pune car-manufacturing cluster contributes to 33% of the Indian market.

A large number of foreign companies have already settled in the Mumbai region and the administration is familiar with the needs and wishes of new investors.

Mumbai's national and international travel links are first class and there are excellent connections to the other industrial centres throughout the country.

About the Venue

The Bombay Exhibition Centre (BEC) is one of the largest exhibition centres in India and hosts a variety of prestigious international trade exhibitions. It is ideally situated along the Western Express Highway in Goregaon, approximately 8km from Mumbai's national and international airports and 30 minutes from the city centre. There are numerous international hotels in the area.

About RX Global

RX is in the business of building businesses for individuals, communities and organisations. We elevate the power of face to face events by combining data and digital products to help customers learn about markets, source products and complete transactions at over 400 events in 22 countries across 43 industry sectors.

RX is passionate about making a positive impact on society and is fully committed to creating an inclusive work environment for all our people.

RX is part of RELX, a global provider of information-based analytics and decision tools for professional and business customers.
